

# **Rules for the CAPA - Sergio Poggione Memorial Scholarship to attend the University of Alberta IAPP Certificate Programme**

**Applicants must have attended the 2019 CAPA conference**

**Scholarship recipients must continue to attend the annual CAPA conferences during the term of the scholarship.**

**Once a scholarship recipient starts the courses under the CAPA scholarship, s/he must continue without interruption, unless given permission by the CAPA board of directors. This means that recipients must take at least one course in two of the three semesters each calendar year. This is to ensure that CAPA is paying for no more than 2 scholarship recipients at one time.**

**Course fees are reimbursed upon successful completion of each course. Proof of payment for the course(s) and a copy of the grade(s) must be submitted with the request for payment.**
